Form 3547 Requested

## *An open letter from the president . . .*

Dear Friends:

Anniversaries are usually an occasion for celebration, reflection, and speculation. so on this our 10th anniversary, I trust you will bear with the writer as he ruminates on the past, the present, and the future.

Although incorporated ten years ago, Growers Exchange is actually an idea of the writer's father, that goes back many, many more years. It was his desire to make available at one source the complete offerings of nurserymen, seedmen, bulb and plant growers throughout the world. The first feeble steps in this direction were taken in 1933—25 years ago—but World War II interrupted this first attempt.

The second attempt in 1948 has succeeded far beyond expectations—not necessarily on the financial level. In fact, there have been years when crop failures have caused us to work for exactly nothing! The success we speak of lies in the consolidation over a ten year period of the wide variety of material we are able to offer from world-wide sources. We have been rewarded too by the close and warm friendships formed over the years with our customers, our employees, and our suppliers.

We have been amused, too, from time to time, by the folks who write in saying, in effect, "We'd like to buy from you but your prices are so low we're afraid something must be wrong with the stock." Our low prices are the result of two simple economic factors: (1) Low overhead; and (2) the tremendous volume we handle—over 10,000,000 bulbs and plants a year.

By far the greatest bulk of our bulbs are imported from world famous growers in the Netherlands—truckload after truckload arrive in Farmington each Fall. Because of this great volume we have for years allowed *Special Quantity Discounts* on purchases of Dutch bulbs as follows:

<b>QUANTITY DISCOUNTS</b>	If your order totals \$ <b>50.00, deduct 2%</b>
<b>APPLY ONLY ON ORDERS RECEIVED ON, OR BEFORE AUGUST 15th, 1958.</b>	If your order totals <b>100.00, deduct 4%</b>
	If your order totals <b>250.00, deduct 6%</b>
	If your order totals <b>500.00, deduct 10%</b>
	If your order totals <b>1000.00, deduct 15%</b>

These discounts apply only on items on pages 3, 4, 5, 6, 7, 8, 9, 10 and 11.

Mind you, these discounts are in addition to prices that are already quite low in comparison with many of our competitors. And please remember that our prices are all inclusive. There are no "extras"—hidden charges for insurance, cases, packing, ocean freight or duty. All these are included in our quotations. The only thing you pay in addition is the freight from our warehouse to your door.

Finally, my sincere thanks to all who have contributed in any way to making the past ten years as rewarding as they have been.

Cordially yours,

**GROWERS EXCHANGE INC.**
